Menu can be customized, provided that \$23 pp is the minimum price for all staffed catering. Please note that we are unable to negotiate this minimum.

How to estimate your total bill for staffed catering:

1. Multiply \$23 pp price by group size for subtotal. (for beverages, add \$2 pp)
2. Add 10% of subtotal for Sales Tax
3. Add 10% of subtotal for Gratuity
4. That's all there is to it! No other fees apply unless there are special needs, such as extended service times.

Example:

150 x \$23 = \$3,450
 10% Sales Tax = \$345
 10% Gratuity = \$345
 Total = \$4,140
